

Task Response Metrics

Overview

The task response metrics insight panel is a great tool to monitor the details of tasks directly from a view. Through the combination of a task completion map insight panel, the task completion graph and this panel, you can easily monitor the status of store initiatives and share these results with others.

Anatomy of Task Response Metrics Panels

The image displays two panels illustrating the anatomy of task response metrics. Both panels are titled 'Task Survey Results - Watering Survey' and 'Watering Survey' with the question 'Was the super center watered?'. The top panel shows a pie chart with a legend for 'Yes' (blue) and 'No' (black). The bottom panel shows a bar chart with a legend for 'Responses' (blue) and a y-axis labeled 'Values' ranging from 0 to 25. Both panels include a dropdown menu at the bottom with the question text. To the right of each panel are four icons with labels: a refresh icon for 'REFRESH PANEL', a gear icon for 'SETTINGS GEAR', an information icon for 'HELP/INFO', and a close icon for 'CLOSE PANEL'.

Response	Count (Approximate)
Yes	23
No	8

Response	Value (Approximate)
Yes	23
No	8
